Lead The Cause TEAM COMMITMENTS

1. TEAM TRAINING SCHEDULE

The LTC Team Training schedule is shown on a separate sheet. Each training session is designed to address significant growth areas in your spiritual walk, to learn new principles in following Jesus, to develop how you can communicate the Gospel and Biblical truths, and to help develop and grow our team unity. It will also include hands-on opportunities to use what they are learning. We need to impress upon both the students applying and their parents who are helping them evaluate this opportunity to know that we take the training schedule seriously and believe it is one of the most important parts of the process. *We therefore require you to let us know in the application process if there are any dates that the applicant cannot make.* Please completely read the training schedule below and circle the dates you can and cannot attend; this will help us in evaluating if it is the right time for you to be a part of this team.

If you are accepted on the LTC Team – we will expect you to attend all the meetings you committed to.

Please note on the training schedule below which training dates you can or cannot attend.

2. TEAM TRAINING CONTENT

The team will be asked to do a variety of things in training for our mission together. The team will be trained in prayer, discipleship, evangelism, and leadership principles, which they will then use at the Freshmen Campout and for the rest of their lives. The team will be asked to maintain the daily aspects of our walk with God. The team will work to write and know their testimony, to memorize an outline to share the Gospel, and memorize key Bible verses that go with the outline. The team will also be given assignments that will be practical applications between meetings and we will read a book on evangelism and discipleship. *On a practical level - team members can expect to give about 1-2 hours a week to preparations.* We want to encourage parents to help students to know how to plan out their time effectively. Our desire is for the training to both prepare and stretch students for the trip and the rest of their lives.

3. TEAM GUIDELINE

We have found that it is helpful to let applicants and parents know that students are allowed to bring their cell phones to LTC because the LTC organization will give the students ways to leverage technology for the Kingdom of God. Our desire is to be connected as a team, therefore we expect students and leaders to not be consumed by their phone. Phones are NOT allowed on the Freshmen Campout.

The team leaders will manage the group to ensure safety throughout the trip. Students will have the opportunity to communicate with parents during the trip. We ask that students commit to dressing appropriately on the trip.

Thank you for applying to be part of the LTC Team. We believe it can be a lifechanging experience for you! We hope that you see the reason for the training we will be giving you and the guideline we have established. We believe that what you get in your training is equal to what you will get from our 2 missions.

If you are willing to take these commitments on, please confirm by signing below.
